

Nice Slides

Me, who else?

Some Conference, 2013-06-04

# Hello there!

This is the first slide

# So, what can we do?

We have those stupid bullet point lists, everybody has on their slides:

- ▶ test
- ▶ test
- ▶ test

# Fancy stuff

But there's more: There is LaTeX support:  $\int \frac{x}{4}$

## Another slide

Some text

Yet another slide

more text

Now that's a big slide

Big slide..

# Last slide

That's it, folks :)
